Sunmap Regional Map

Outback Queensland

Produced by the
DEPARTMENT OF NATURAL RESOURCES, MINES AND WATER
in co-operation with
TOURISM QUEENSLAND

SCALE 1 : 1 750 000

20 0 20 40 60 80 100 120 140 160 180 200 KILOMETRES

1 centimetre represents 17.5 kilometres

To the best of our knowledge, all information on this map is correct at the time of publication. However we can take no responsibility for any changes that may occur.

The representation on this map of any road or track is not necessarily evidence of a public right of way. Persons using private roads do so at their own risk. Owners permission should be obtained.

Some names shown may not be approved place names under the Place Names Act 1994.

GPS USERS

The horizontal datum used on this map is GDA94. For all practical purposes GDA94 is the same as WGS84, as used in Global Positioning Systems (GPS). To enter points calculated from this map, your GPS receiver should be set to the WGS84 datum. The accuracy of a GPS location can be affected by the number and position of the satellites at the time the position was determined and can vary from day to day.
